Work Related Road Safety

PRAISE International Seminar
9th June 2011, 09:00-14:00

INSTITUTO ASTURIANO DE PREVENCIÓN DE RIESGOS LABORALES
Oviedo

In 2009 ETSC launched a new project Preventing Road Accidents and Injuries for the Safety of Employees (PRAISE) to increase road safety in the work context. The project is co-funded by the European Commission, Fundaciòn MAPFRE, the German Road Safety Council (DVR) and the Swiss Council for Accident Prevention (bfu). It aims to "praise" best practices in order to help employers secure high road safety standards for their employees. In the framework of this campaign, ETSC is organising a series of seminars in selected Member States bringing together companies, fleet safety managers, government, and road safety experts.

Building on the success of the first Spanish PRAISE seminar held on 14th June 2010 in Barcelona, ETSC is organising a follow-up "Business to Business" seminar to promote best practices of companies in specific work related areas. In co-operation with the Asturian Institute for Occupational Risk Prevention and Fundaciòn MAPFRE, the Business to Business PRAISE seminar will be held on 9thof June in Oviedo.

On the agenda will be measures to improve work related road safety in Spain and in the EU Member States. Translation (Spanish, English) will be provided. To register please send an email to Ilyas.Daoud@etsc.eu
