

Road Safety PIN Talk in Hungary

Budapest, 29th May 2013

InterContinental Budapest

In the framework of its Road Safety Performance Index (PIN) programme, the ETSC is organising a series of national debates, the PIN Talks, to accomplish the overall mission of this Programme, mobilising knowledge to create leadership. The PIN Talk in Hungary is the latest of the series of PIN Talks, the 33rd ETSC has organised since 2006. The Road Safety Performance Index (PIN) Programme was launched in 2006 to compare country performances in road safety. It currently includes the 27 countries of the EU, as well as Israel, Norway, Serbia and Switzerland. The Road Safety PIN programme receives financial support from Volvo Group, Volvo Trucks, the Swedish Transport Administration, the Norwegian Public Roads Administration and Toyota Motor Europe. www.etsc.eu/PIN

Hungary has been recognised with the 2012 Road Safety PIN Award for its sustained successful strategies in reducing road deaths since 2001.

From left to right: Mr. Zoltán Schváb, Deputy State Secretary responsible for infrastructure at the Ministry of National Development, Antonio Avenoso, ETSC Executive Director, Dr. László Felkai, State Secretary at the Minister of Interior receiving the PIN Award 2012 at the 6th Road Safety PIN Conference in Brussels on June 20th 2012.

Languages: Official languages of the seminar are English and Hungarian. Simultaneous translation will be provided.

Registration: Attendance is free of charge but the number of seats is limited and registering in advance is recommended. To register please email toth.viktoria@kti.hu as soon as possible but preferably by 24th of May.
