« Identify, Evaluate and Prevent Occupational Road Risks »

International PRAISE Seminar
Thursday 7th June 2012, 8h30 - 13:30
Salón de Actos - Ayuntamiento de Málaga
Paseo Antonio Machado, nº 12 - 29002 Málaga

In 2009 ETSC launched a project "Preventing Road Accidents and Injuries for the Safety of Employees" (PRAISE) to increase road safety in the work context. The project was co-funded by the European Commission, the Fundaciòn MAPFRE, the German Road Safety Council (DVR) and the Swiss Council for Accident Prevention (bfu). It aimed to "praise" best practices in order to help employers secure high road safety standards for their employees. In the framework of this campaign, ETSC organised a series of seminars in selected Member States bringing together companies, fleet safety managers, government, and road safety experts.

Building on the success of the Spanish PRAISE seminars held in 2010 in Barcelona and in 2011 in Oviedo and Madrid, ETSC is organising a follow-up seminar in Andalusia to promote best practices of companies in specific work related areas. In co-operation with the Fundación MAPFRE, the PRAISE seminar will be held on Thursday 7th June in Málaga.

On the agenda will be measures to improve work related road safety in Spain and in other EU Member States. Translation (Spanish/English) will also be provided. To register please send an email to Ilyas.Daoud@etsc.eu before Tuesday 5th June.

Agenda

08h30 Registration
