PRAISE
Work-Related Road Safety

European Agency for Safety and Health at Work

ETSC
European Transport Safety Council

ETSC's project "Preventing Road Accidents and Injuries for the Safety of Employees" (PRAISE) aims to increase road safety in the work context. The project is co-funded by the European Commission, the German Road Safety Council, the Swiss Council for Accident Prevention (bfu) and the MAPFRE Foundation. It aims to "praise" best practices in order to help employers secure high road safety standards for their employees.

ETSC invites you to its annual Seminar in Brussels bringing together companies, fleet safety managers, EU institutions, government representatives and road safety experts. ETSC will launch the PRAISE Handbook and discuss findings of ETSC's last three Thematic Reports, and invite representatives from the EU institutions to discuss latest developments and priorities in work related road safety. As in 2011, the European Agency for Safety and Health at Work (EU-OSHA) organises a session within the agenda. It will present its Healthy Workplaces Campaign 2012-13 on leadership and worker participation, giving examples from the road transport sector.
The winners of the ETSC PRAISE awards 2012 will also be announced.

This Brunch is a third European follow up to the first International Conference on Road Safety at Work held in Washington DC in February 2009 organised by the U.S. National Institute for Occupational Safety and Health and its partners. To register please send an email to alessandra.mulas@etsc.eu

ETSC would also like to invite you to our Conference "Saving Lives Until 2020: Acting Together to Tackle Drink Driving" Tuesday 24th April 2012, (9:00 – 13:30) Renaissance Hotel, 19 Rue du Parnasse Brussels. Vice President Kallas will be giving the keynote address.
The agenda will be available soon on www.etsc.eu/home.php

Due to heavy demand for accommodation in Brussels that week ETSC strongly recommends you book your hotel in advance. ETSC can also provide suggestions for accommodation. For this please also contact: alessandra.mulas@etsc.eu
