European Transport Safety Council

Tackling Drink Driving for Safer Workplaces

European Transport Safety Dinner
European Parliament
Monday, the 4th of November 2013, 18:00 – 21:00

In the framework of the new SMART (Sober Mobility Across Road Transport) project, ETSC will hold a dinner debate in the European Parliament on the 4th of November. The objective of SMART is to address the main issues related to alcohol and driving and continue ETSC advocacy activities both at EU and Member State level to tackle drink driving and reduce the number of alcohol-related deaths.

The debate will be an opportunity to explore possibilities of how key actors can develop effective policies and actions to improve safety at work and consequently on the road. As part of a more holistic Workplace Health Promotion approach, employers should show zero tolerance to drink driving. The event is organised as a seated dinner at the private Salon of the Members' restaurant and hosted by MEP Dieter-Lebrecht Koch.

ETSC would like to thank The Brewers of Europe for supporting the SMART project.

Please register at: francesca.podda@etsc.eu

To be accredited to the European Parliament, please also send your name, nationality, residency address, passport/ID number and date of birth. Badges can be collected at the Altiero Spinelli Building's reception on the 4th of November as of 17:45.
